

# BANKON 24

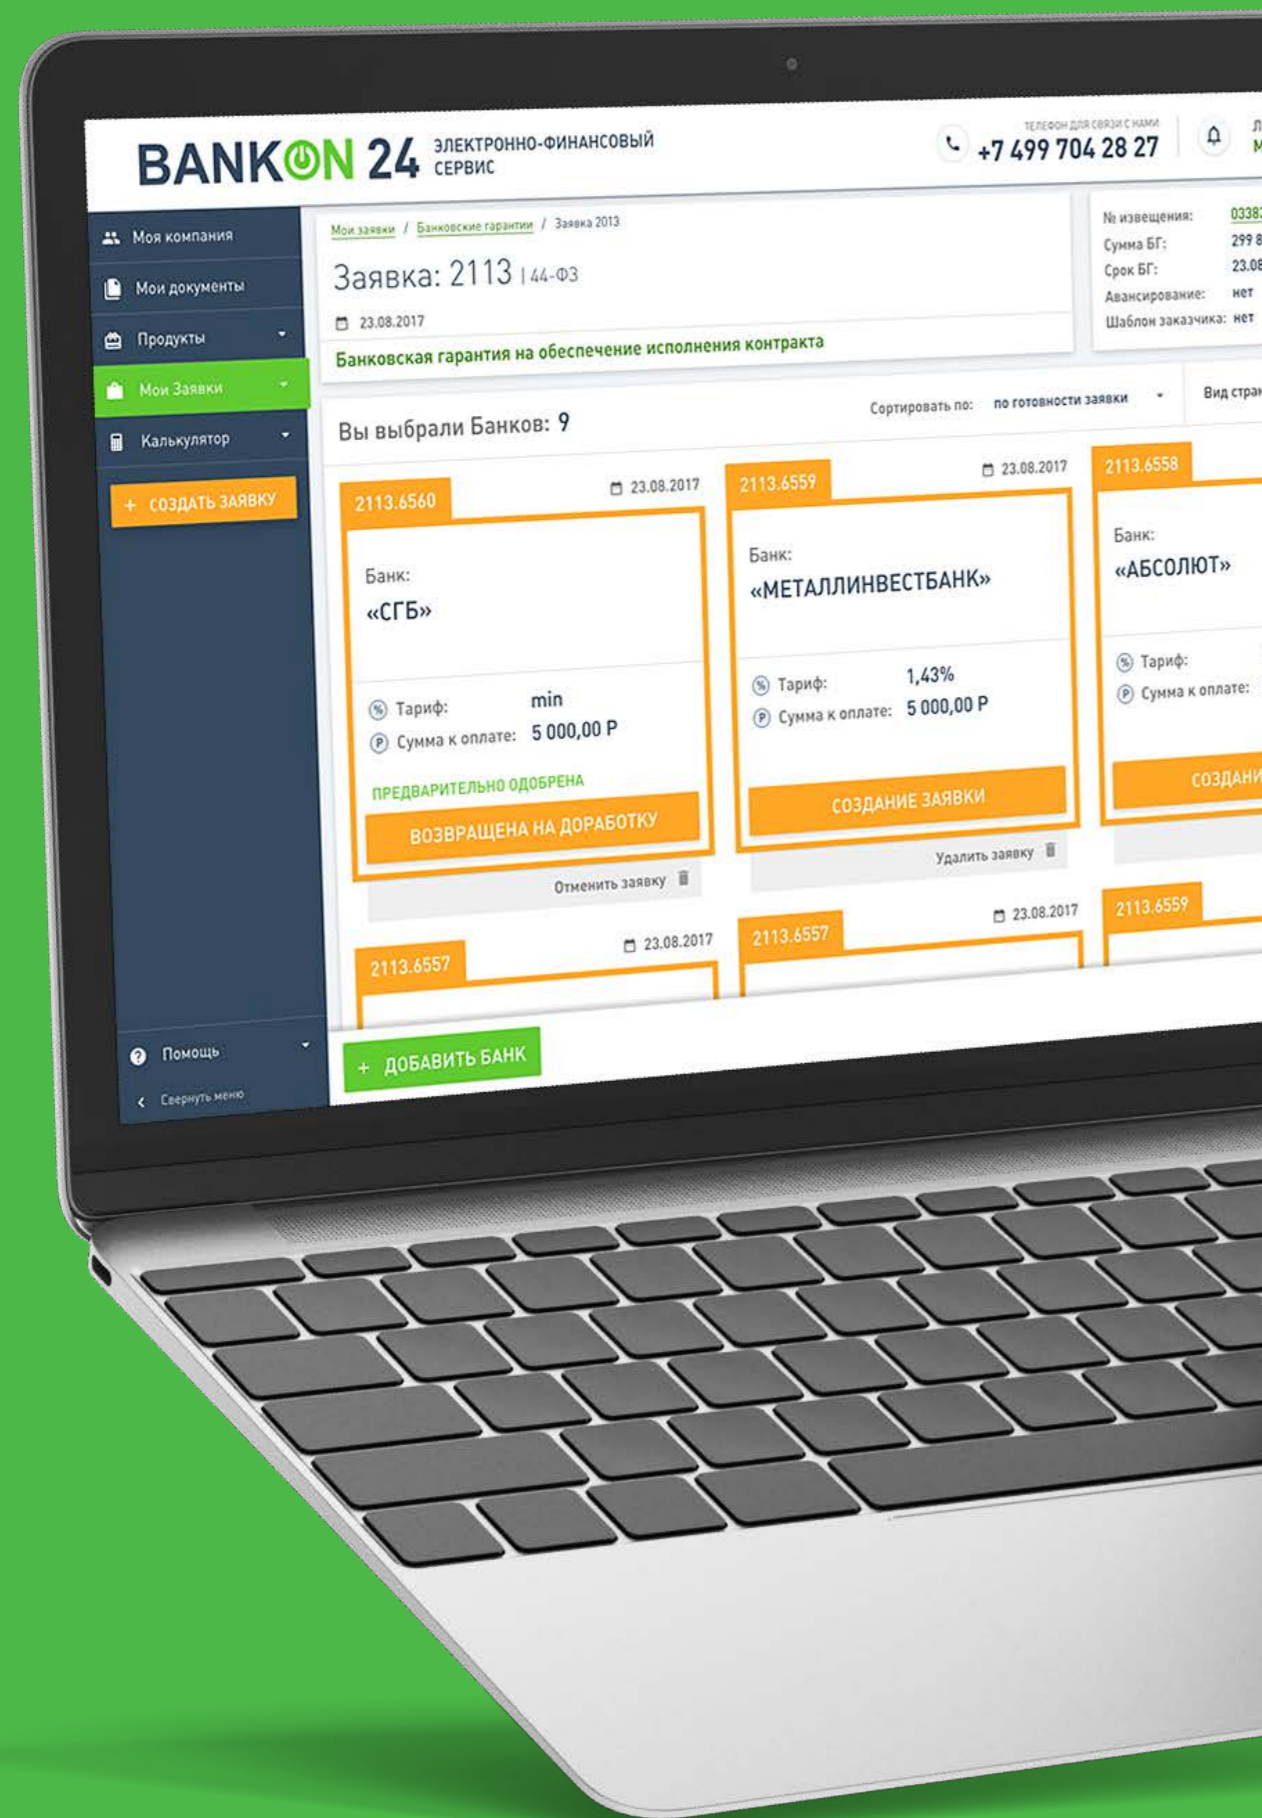

ONLINE FINANCIAL PLATFORM

## Presentation for Public Tender Participants

(44-ФЗ, 223-ФЗ, 615-ПП)

85 regions  
1100 cities and towns

**BANKON 24** is an innovative highly technological IT-platform, developed to ease interaction between legal entities and banks, as well as MFIs, debt factoring companies and the rest of the financial market in Russia.

The main goal of the platform is to reduce time lags and financial inputs, through task automation, eliminating difficult labour-intensive tasks at the point of interaction between a firm and its financial partner.

### Financial products for public tender participants:

1 PARTICIPATION STAGE

- ✓ Tender loan
- ✓ Bank guarantee

2 CONTRACT STAGE

- ✓ Bank guarantee

3 CONTRACT EXECUTION STAGE

- ✓ Financing
- ✓ Debt factoring

# Platform's Capabilities

The resource processes data for public tender participants, according to corresponding laws. (44-ФЗ, 223-ФЗ, 615-ПП, КБГ)

Firms can set up a personalised workspace, through creating a profile on the platform, and receive all its benefits, including financial product calculator and professional tech support.

The platform allows firms to select and acquire financial products online. Choosing a product with the best bank conditions is made simple, with the help of automated ranking on price, quality, bank ranking, speed of execution and other parameters.

Provision of up-to-date information, high quality and time efficiency of execution and uninterrupted service are among the key benefits of the platform.

We constantly work towards expanding our financial product range.

**BANKON 24** services are free of charge for firms.

# Working Through **BANKON 24**

A firm sends a request for chosen financial product, through its profile. Our system automatically sorts all available documents, fills out bank forms and processes information from 10 official third-party databases.

1

Register and access  
your profile

2

Choose the best offer  
and send a request

3

Find out bank's  
decision

4

Seal the deal

5

Transfer the payment  
for financial product  
to the bank

6

Receive your  
financial product

## Benefits of **BANKON 24**:

All the information on financial products is available from a single trusted source

Selection of the cheapest offer on the market guaranteed

As our client, you benefit from remote data processing software, which allows for digital document formatting and financial product obtainment online

Changes to banks' conditions are closely monitored and the platform is constantly updated to reflect these, ensuring up-to-date information at all times

The platform considerably reduces your financial inputs, as well as time lags in tasks execution

Individual terms of service for high profile clients
